

Alloantibody Exchange & Microsoft Azure Defender for Cloud

Last update: 12/20/2023

We follow Microsoft's best practices for security in our Azure environment. As evidenced by the screenshots taken below, we have completed 62 of 62 (100%) Microsoft regulatory compliance controls and 24 of 24 (100%) of Microsoft's recommendations. We have a Microsoft Azure "Secure Score" of 100%.
